Dr. Kamlendu Pandey(Internal Guide)

Tours and Travelers Management (Travelers Tour)

Department of Information and Communication Technology

M.Sc. (ICT) Programme

Certificate

This is certify that Akbari Devanshi Mukundbhai Exam seat number
10001 has worked on Project Tour And Travels Managment

As a partial fulfilment of the requirements for 1st Semester – M.Sc. (Information Communication and Technology), During the academic year 2022-23.

Date:

Place:

Head of Department,
M.Sc. (ICT) Programme.
Department of ICT,
VNSGU.

Tours and Travelers Management (Travelers Tour)

Acknowledgement

I have found this rare opportunity to evince a word of thanks to all those who played a key role in the successful completion of my project.

It was an educational phase while studying at the Master of Science in Information Technology (M.Sc. (I.C.T)) working with highly devoted computer teacher's community and will probably remain the most memorable experience of our life. Hence this acknowledgement is a humble attempt to earnestly thank all those who were directly or indirectly involved in our project work and were of immense help to us.

We owe a debt of gratitude to Mr. Kamlendu Pandey for bestowing their faith in us and giving us the privilege of working, which will be the building step for our bright future.

We take a rather special privilege of thanking our Respected Course Coordinator Prof. Kamlendu Pandey

& All the Faculties for making the resources available within the institute for the project work.

The encouragement and help received from our family members, friends and colleagues cannot be expressed in terms of words. Without their moral support, the work would have been left unfinished.

Tours and Travelers Management (Travelers Tour)

1. Introduction

Online Tours and Travel (Wonder Tour) is an internet portal dedicated to meet every consumer's dream destination in the real world.

It is a forum where registered users can book the packages, In the genre the latest packages, hotels and the transportations are the highlights of the web portal.

1.1 Objective of the System

- ✓ It is a web application. So, that maintenance cost, economic cost will less. ✓ It fulfills all the need of the user by providing tours at many places with the facilities of staying and about transportation.
- ✓ This is a basic system that will keep a record of booking and the payments and will work as connecting bridge between customer and their dream destinations.
- ✓ Due to this system, there is no need to visit various tours agents in search of their destination's information and many other information related to that city or state.
- ✓ The information about various cities in various states can be accessible in one place.
- ✓ Also will keep a record of contact information of the customer and will send necessary notices and/or reminders to the customer through emails.

1.2 Problem Definition

- ✓ **Online Tours and Travel (Wonder Tour)** is an internet portal dedicated to meet every consumer's dream destination in the real world.
- ✓ It is a forum where registered users can book the packages .In the genre the latest packages, hotels and the transportations are the highlights of the web portal. ✓ Feedback of the hotel or package or transportation and generate the leads of every registered user.

Tours and Travelers Management (Travelers Tour)

- ✓ If the user's account available then show him/her to latest packages, hotels and transportations, if not then provide the register user page to interact with the system.
 - ✓ The system will contact the user through their registered email-ID.
- ✓ In the beginning, the system sends a temporary password to the user and through that password only the user can log in for the first time. Afterward, the user can change the password on their own.
- ✓ After registration, the user can see the details of many places , hotels and transportations and the interested users can feedback it, give their opinion and can book them and have to do the payment at that time.
- ✓ The registered user can search the interesting packages through the searching criteria according to category, min-max budget, city, state, number of days, etc.
- ✓ The registered user can search the interesting hotels through the searching criteria according to room type, city, etc.
- ✓ The registered user can search the interesting transportation through the searching criteria according to city, etc.
- ✓ User can see the latest arrival Packages, hotels and transportations.
- ✓ The registered user can book the packages with expected price and other necessary details.
- ✓ If any user has any personal issue or any other problem, he/she can cancel their bookings afterwards.
- ✓ Any interested user can see the relatable details through the one click on the package, hotel or transportation and if the user interested, then the system will give the user a form to fill up and then the system will book their bookings for the further work and then users have to pay the payment for their bookings.

1.3 Core Components

- **Setup:** Setup component is only used by admin. In that component admin can manage packages, hotels, transportations, categories of packages, room types of hotels, blogs and can see the user related information like their confirm bookings, inquiries, feedbacks etc.
- **Packages:** In this component register user can see list of packages and can search the dream destinations as per the provided criteria and can get the necessary details of that places, can give the feedbacks, can have booking of that and at that end they can pay the payments.

Tours and Travelers Management (Travelers Tour)

- **Hotels:** In this component register user can see list of hotels and can search the place for the stay as per the provided criteria and can get the necessary details of that places, can give the feedbacks, can have booking of that and at that end they can pay the payments.
- **Transportations:** In this component register user can see list of transportation and can search the dream destinations as per the provided criteria and can get the necessary details of that places, can give the feedbacks, can have booking of that and at that end they can pay the payments.
- **Home:** In this component registered user can search the packages according to their criteria. Through the packages, the user can see the whole details of the place and according to their thought, they will provide the feedback (rating). Here there will be the latest and popular places and staying places and transportations list through which the register user will be served with the best facilities.

1.4 Project Profile

(A) Project Profile

Project Title : **Online Tours and Travel Management (Wonder Tour)**

Project Definition : This project is an internet portal dedicated to meet every consumer's dream destination in the real world.

It is a forum where registered user can book the packages quickly, effectively and inexpensively. It features packages to be booked and go for holidays on your dream destinations. In the genre the latest packages, hotels and the transportations are the highlights of this web portal.

This system is accessed by following users: -

- System Admin
- User

System Admin:

System admin has their own site from where they can manage the packages, hotels, transportations, room types, categories etc.

User:

Tours and Travelers Management (Travelers Tour)

If the user's account available then show him/her to latest packages if not then provide the register user page to interact with the system.

The system will contact the user through their registered email-ID.

After registration, the user can see the details of many places, hotels and transportations and the interested buyers can feedback it and give their opinion and can book them and have to pay the payment at that time.

The registered user can search the interesting packages through the searching criteria according to category, min-max budget.

The registered user can search the interesting transportation through the searching criteria according to city, etc.

User can see the latest arrival of packages, hotels and transportations.

The registered user can book packages, hotels and transportations also with expected price and other necessary details.

If any user has any personal issue or any other problem, he/she can cancel their booking afterwards.

Any interested user can see the relatable details through the one click on the package, hotel or transportation and if the user interested, then the system will give the user a form to fill up and then the system will book their bookings the further work and then users have to pay the payments for their bookings.

Duration
: 6 Months

(B)Technology Used

Front End : NetBeans 12.4

Language : Java

Back End : MY SQL Server

1.5 Advantages and Limitations of the Proposed System

Advantages:

Tours and Travelers Management (Travelers Tour)

- ✓ The admin can see the feedback and rating of their property.
- ✓ Every time, when the interested user book the bookings, The admin and the user will be notified by the Email for their bookings.
- ✓ Every time when user booked the package or hotel or transportations, Every time he/she will ask for the alternative email and contact number. ✓ All registered user can search packages, hotels and transportations by their criteria.
- ✓ All the users will be notified when the new packages, hotels and transportation will be added.

Disadvantages:

- ✓ The message system is not supported yet for the user.
- ✓ Refundable amount is not provided on cancel bookings.

1.6 Future Enhancement

- ✓ In the future, we will try to return the refundable amount on their cancellation of their bookings.
- ✓ We will provide the map service, according to the map you can search the places.

2. Requirement Gathering & Analysis

2.1 Requirement Gathering

I have gathered information about Wonder Tour through the internet, and I found this topic interesting. I assure you that this system will give you more flexibility, reliability as well as financial support.

Tours and Travelers Management (Travelers Tour)

In this project, I have used the following technology:

2.2 Feasibility

The feasibility of our project has been judged on the basis of time, technology, and project length.

- **Time:**

This project is roughly 3 months to complete primary functionality, so as far as time is concerned this project is feasible.

- **Technology:**

This project is based on Java with NetBeans. Therefore, the technical risk is negligible so the problem is feasible.

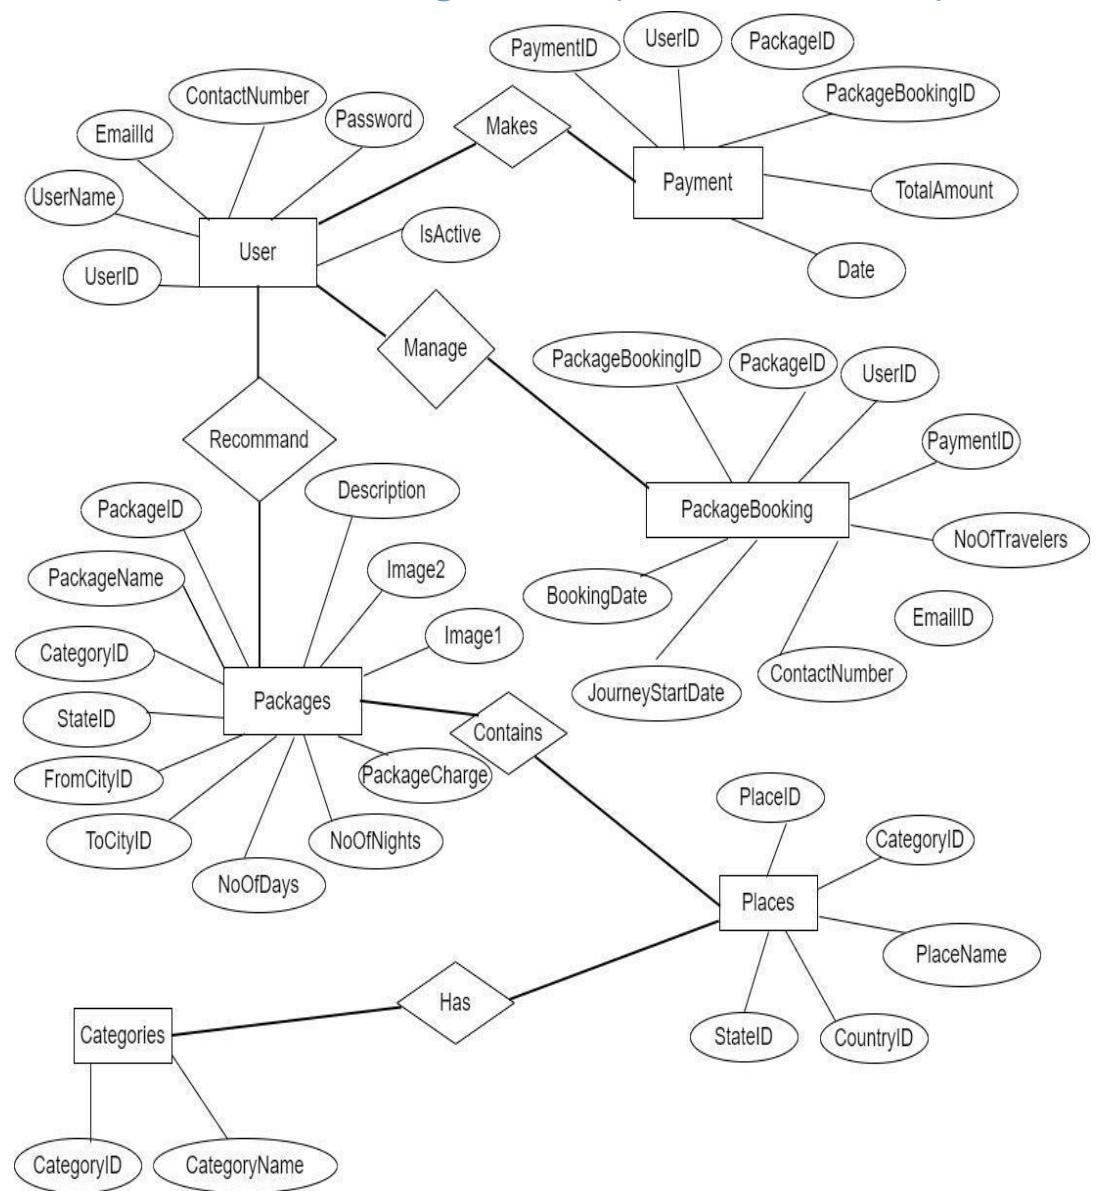

- **Project Size:**

The project size is normal and therefore we have undertaken this project.

Tours and Travelers Management (Travelers Tour)

The screenshot shows the homepage of the 'Tours and Travelers Management' website. At the top, there is a navigation bar with links for Home, About, Category, Packages, Blog, Contact Us, My Cart, and Edit Profile. Below the navigation bar is a large banner image of a mountainous landscape. Underneath the banner, there is a teal-colored search bar with fields for 'Search Destination*', 'no of days', and 'charge'. The 'Search Destination*' field contains 'Wildlife', the 'no of days' field contains '15', and the 'charge' field contains '12000'. A 'Find' button is located to the right of these fields.

The screenshot shows a section of the website featuring five categories of travel packages. Each category has a thumbnail image and a 'DISCOVER PACKAGES' button. The categories are: 'Heritage' (showing a building with arches), 'Trekking' (showing a person walking on a rocky path), 'Beach' (showing palm trees and a beach), 'Honeymoon' (showing a couple in silhouette against a sunset), and 'Wildlife' (showing a tiger). Below this section, there is a link labeled 'OTHER TOURS →'.

Tours and Travelers Management (Travelers Tour)

The screenshot shows the homepage of the 'Tours and Travelers Management' website. At the top, there is a navigation bar with links for Home, About, Category, Packages, Blog, Contact Us, My Cart, and Edit Profile. Below the navigation bar is a large button labeled 'VIEW ALL PACKAGES'. Underneath this button, the heading 'Different People — One Mission' is displayed. Below the heading are four circular profile pictures, each with a name and title. From left to right, the profiles are: Diana Robinson (Founder, Owner), Peter McMillan (Travel Agent), Jill Peterson (Tour Consultant), and James Smith (PR Manager). Each profile also includes a phone number.

The screenshot shows the homepage of the 'Tours and Travelers Management' website. The background features a scenic view of a coastal town built on a hillside overlooking the sea. Overlaid on this image is the text 'First-class Impressions are Waiting for You!'. Below this main heading is a smaller subtext: 'Our agency offers travelers various tours and excursions with destinations all over the world. Browse our website to find your dream tour!'. A prominent blue button labeled 'Book a Tour Now' is centered in the middle of the page. At the bottom of the page, there is a 'Gallery' section displaying five smaller images of scenic landscapes. The overall layout is clean and professional, designed to showcase travel destinations.

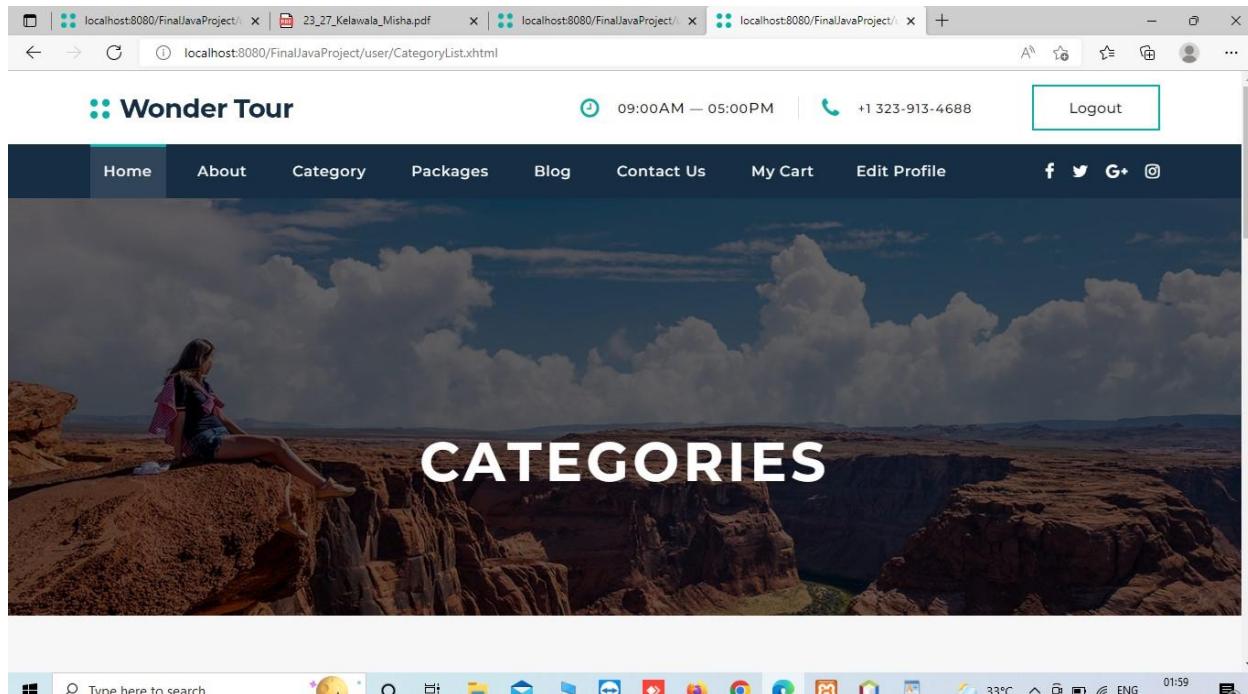

Tours and Travelers Management (Travelers Tour)

The screenshot shows the homepage of the 'Tours and Travelers Management' website. At the top, there is a navigation bar with links for Home, About, Category, Packages, Blog, Contact Us, My Cart, and Edit Profile. Below the navigation bar is a horizontal banner featuring five images of scenic landscapes and landmarks. Underneath the banner is a grid of five more images, each representing a different travel destination or attraction. The overall layout is clean and professional, designed to showcase various travel options.

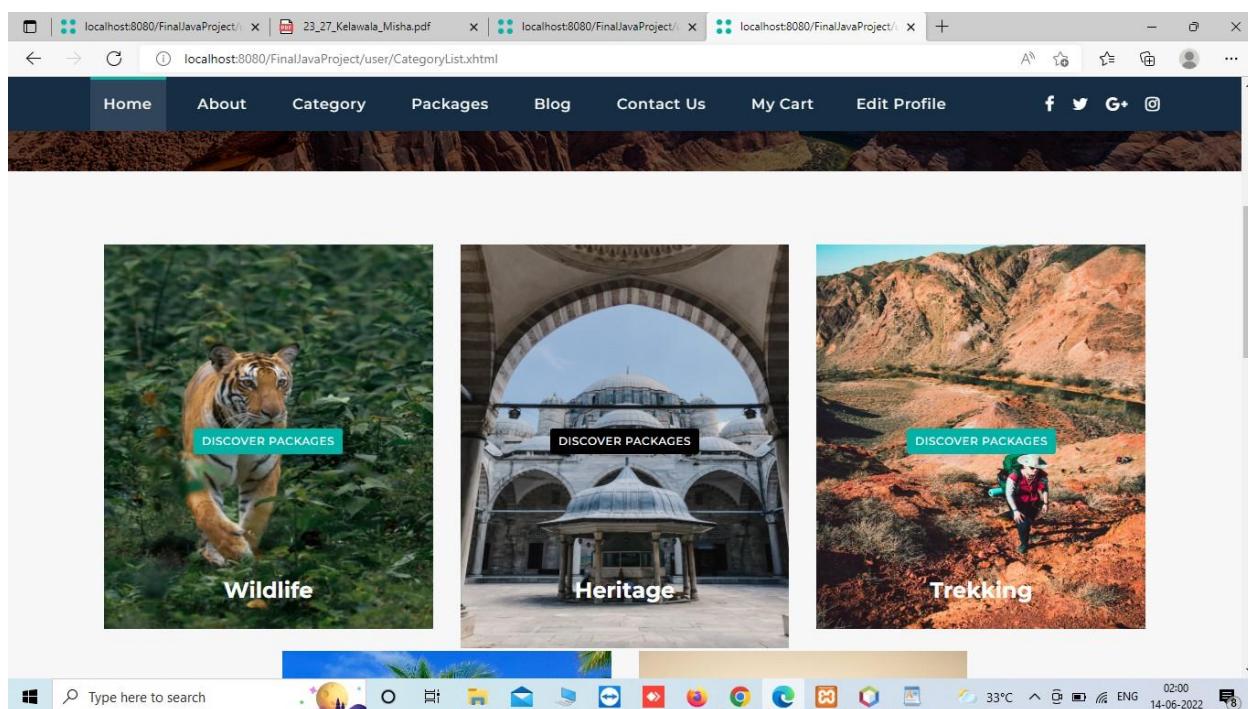

The screenshot shows the homepage of the 'Tours and Travelers Management' website. The layout is identical to the first screenshot, featuring a navigation bar at the top, a banner with five images, and a grid of five images below it. The images continue to represent various travel destinations, maintaining the theme of the website's focus on tourism and travel management.

Category Page

Tours and Travelers Management (Travelers Tour)

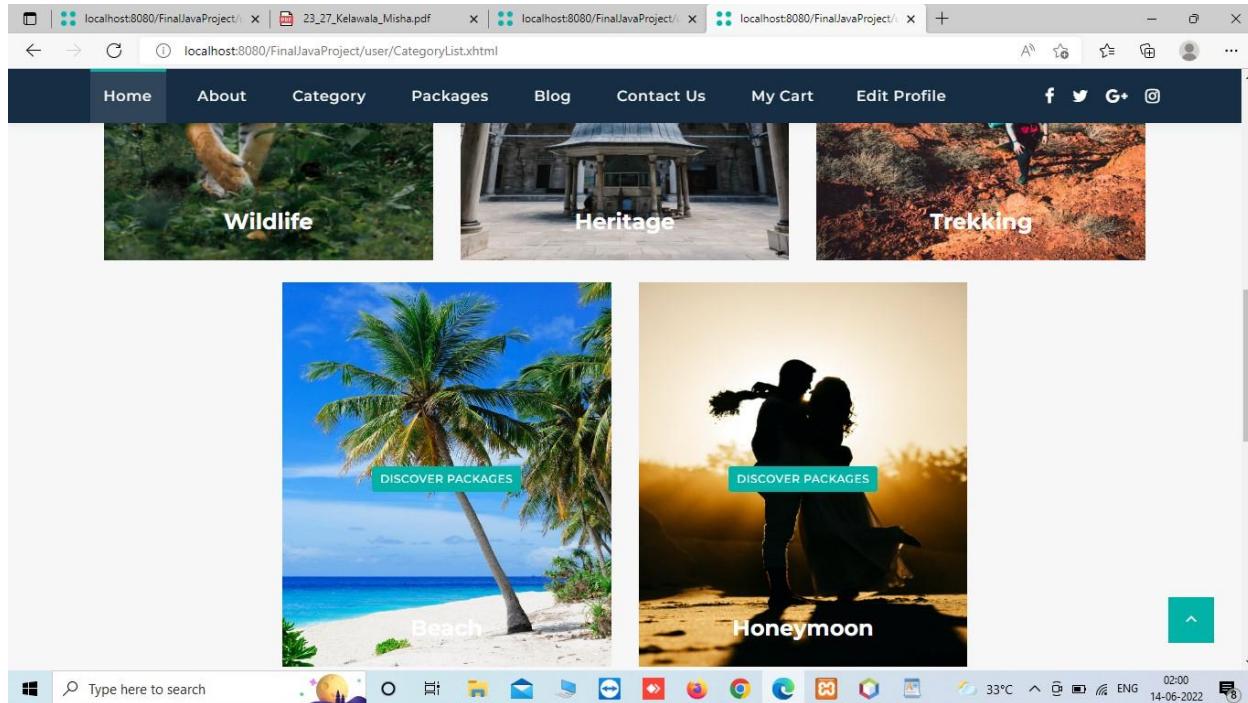

The screenshot shows the homepage of a travel agency named "Wonder Tour". The header features the logo "Wonder Tour" and navigation links for Home, About, Category, Packages, Blog, Contact Us, My Cart, and Edit Profile. It also includes social media icons for Facebook, Twitter, Google+, and Instagram. The main banner image depicts a woman sitting on a rocky cliff overlooking a vast, rugged landscape under a dramatic sky. The word "CATEGORIES" is overlaid in large, bold, white capital letters across the center of the banner.

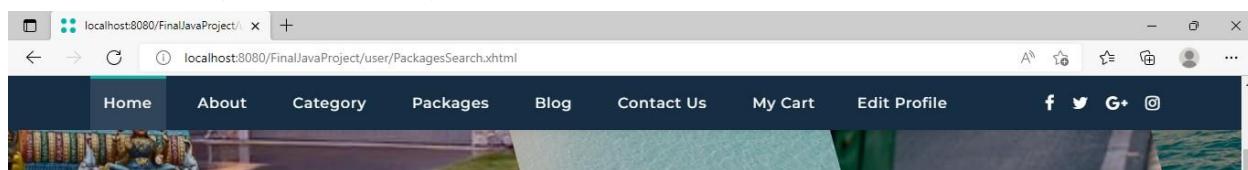

The screenshot displays the "CategoryList.xhtml" page of the website. The header and navigation bar are identical to the homepage. Below the banner, there are three large cards representing different travel categories: "Wildlife" (showing a tiger in a jungle), "Heritage" (showing a mosque's domes and minarets), and "Trekking" (showing a person trekking through a mountainous, reddish-brown landscape). Each card has a "DISCOVER PACKAGES" button in the top right corner and a descriptive label at the bottom.

Hotel And Bus Information

The screenshot displays two separate browser windows side-by-side, both showing the URL localhost:8080/FinalJavaProject/user/packages.xhtml.

Top Browser Window (Hotel Details):

- Header:** Home, About, Category, Packages, Blog, Contact Us, My Cart, Edit Profile, social media icons.
- Content:**
 - Hotel details:** Shows two images of a resort. A callout box for "The Lalit Ashok" in Maharashtra, Pune, describes it as the "Best Hotel In Pune" with 3 restaurants and bar/lounge, including breakfast at a cost per room of ₹ 2000.
 - Booking Offer:** A box shows a price of ₹ 25000 per person* (20% OFF) for stays from 20/0 - 27/0. A "PROCEED TO BOOK" button is present.
 - More Packages:** A section titled "MORE PACKAGES" lists "Vacation Packages" and "Honeymoon Packages".

Bottom Browser Window (Bus Details):

- Header:** Home, About, Category, Packages, Blog, Contact Us, My Cart, Edit Profile, social media icons.
- Content:**
 - Bus Details:** Shows two images of buses. A callout box for "elephant Travels" in Vadodara, Palakkad, describes it as the "Best Transport In Vadodara". It mentions VRL Logistics Limited as the largest teleportation and logistics company in India, with a large fleet of commercial vehicles in the private bus sector.
 - Booking Offer:** A box shows a range of 15/0 - 19/0 for modification, with a "PROCEED TO BOOK" button.
 - More Packages:** A section titled "MORE PACKAGES" lists "Vacation Packages", "Honeymoon Packages", "New Year Packages", and "Weekend Packages".

Rating Review

The screenshot shows a web browser window with the URL localhost:8080/FinalJavaProject/user/packages.xhtml. The page has a dark blue header with links for Home, About, Category, Packages, Blog, Contact Us, My Cart, and Edit Profile. Below the header is a banner featuring three images of elephants. The main content area has tabs for Information, Bus And Hotel, and Rate And Review (which is currently selected). A large text input field contains the placeholder "very satisfying". To the right, there's a promotional box for a package starting at ₹ 4000 per person, a rating section (15/0 - 19/0), and a "PROCEED TO BOOK" button. At the bottom, there's a "MORE PACKAGES" button and a "Vacation Packages" section.

On Proceed To Book

The screenshot shows a web browser window with the same URL as the previous screenshot. The header and banner are identical. The main content area features a large image of the Taj Mahal and its reflection in a pool. Below it, a section titled "Golden Triangle Tour" is described as "7D/6N Heritage Uttar Pradesh". To the right, a promotional box shows a price of ₹ 25000 per person, a rating section (20/0 - 27/0), and a "PROCEED TO BOOK" button. At the bottom, there's a "MORE PACKAGES" button and a "Vacation Packages" section.

About US

Tours and Travelers Management (Travelers Tour)

The screenshot shows a travel website's 'About Us' page. At the top, there's a header with the logo 'Wonder Tour', the operating hours '09:00AM — 05:00PM', a phone number '+1 323-913-4688', and a 'Logout' button. Below the header is a dark navigation bar with links for Home, About, Category, Packages, Blog, Contact Us, My Cart, and Edit Profile, along with social media icons. The main content area features a large, semi-transparent image of a mountain town with blue-roofed buildings. Overlaid on this image is the title 'About Us' in white, bold letters, followed by smaller text 'Home Book Tour'. The overall theme is dark and professional.

Our Services

This screenshot shows the 'Our Services' section of the website. It features six service offerings arranged in two rows of three. Each service is presented in a box with an icon and a title. The services are: 'Personalized Matching' (icon of two people), 'Wide Variety of Tours' (icon of a globe), 'Highly Qualified Service' (icon of a star), '24/7 Support' (icon of a person on a phone), 'Handpicked Hotels' (icon of a hotel key), and 'Best Price Guarantee' (icon of a price tag). Below each service title is a brief description. The layout is clean and organized, using a light gray background for the boxes and a dark header.

Our Services

This screenshot shows the same 'Our Services' section from a slightly different angle or zoom level. The six service boxes are visible, but the text inside them is less legible than in the previous screenshot. The icons and overall layout remain the same, maintaining the professional and user-friendly design of the website.

Tours and Travelers Management (Travelers Tour)

The screenshot shows a web browser window with the URL localhost:8080/FinalJavaProject/user/about.xhtml. The page title is "Different People — One Mission". It features four profiles of travel agents:

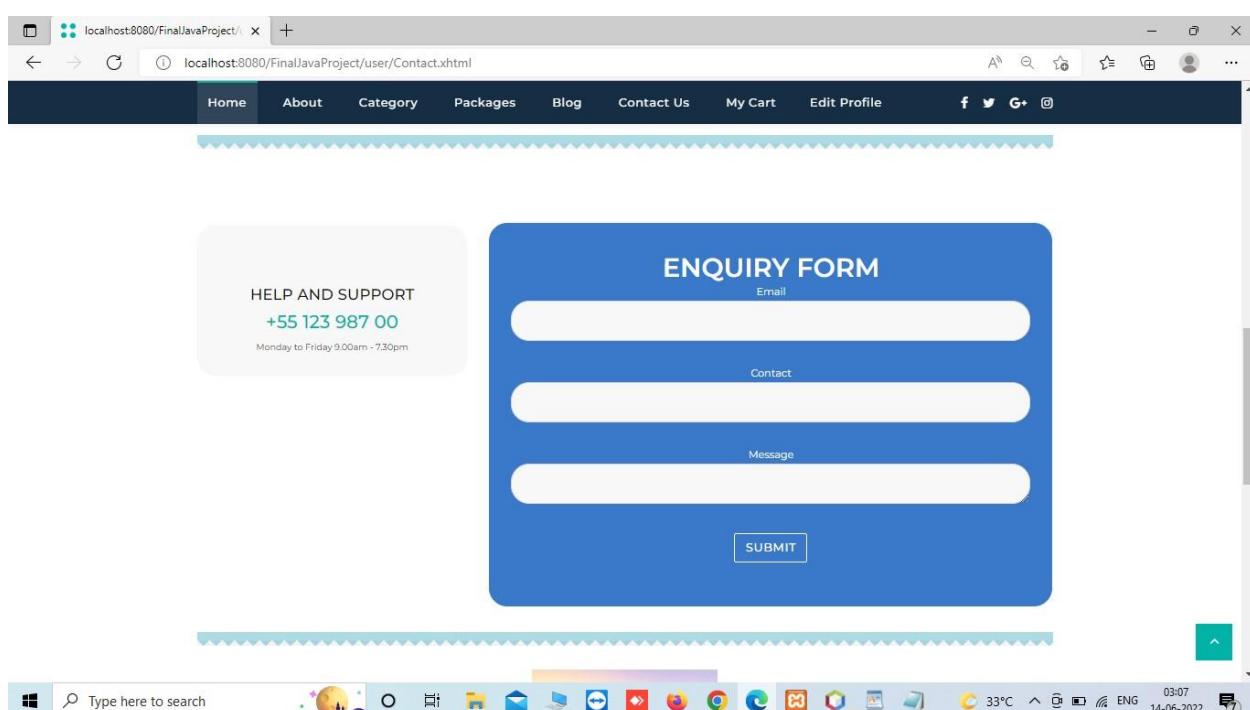

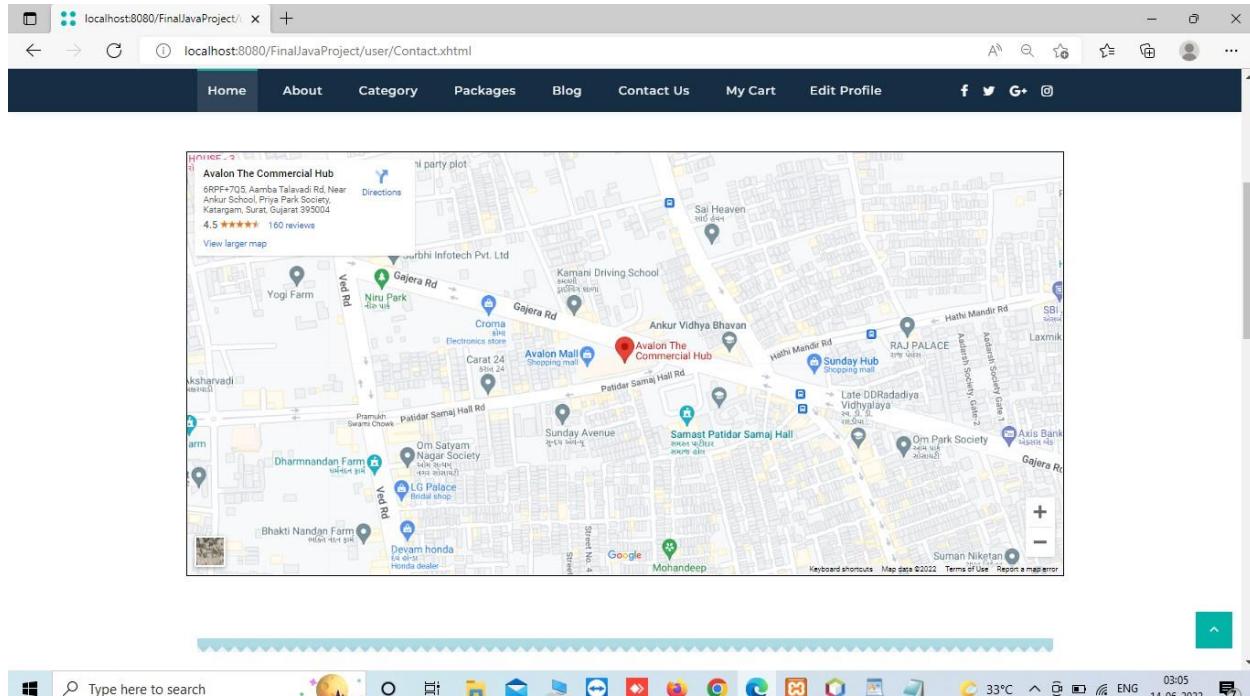

- Diana Robinson**, Founder, Owner, +1 323-913-4688
- Peter McMillan**, Travel Agent, +1 323-913-4688
- Jill Peterson**, Tour Consultant, +1 323-913-4688
- James Smith**, PR Manager, +1 323-913-4688

The browser's address bar shows the URL, and the taskbar at the bottom includes icons for various applications like Mail, Photos, and File Explorer.

Contact us

The screenshot shows a web browser window with the URL localhost:8080/FinalJavaProject/user/Contact.xhtml. The page title is "Wonder Tour". It features a large banner image of a cityscape with the text "Contact Us" overlaid. Below the banner is a map showing the location of "Avalon The Commercial Hub" in Surat, Gujarat. The map includes labels for "Yogi Farm", "Gajera Rd", "Niru Park", "Surbhi Infotech Pvt. Ltd", "Kamani Driving School", and "Sai Heaven". The browser's address bar shows the URL, and the taskbar at the bottom includes icons for various applications like Mail, Photos, and File Explorer.

Tours and Travelers Management (Travelers Tour)

Tours and Travelers Management (Travelers Tour)

The screenshot shows the homepage of the 'Travelers Tour' website. At the top, there is a navigation bar with links for Home, About, Category, Packages, Blog, Contact Us, My Cart, and Edit Profile. Social media icons for Facebook, Twitter, Google+, and LinkedIn are also present. Below the navigation bar is a row of five images showing various travel destinations: a river flowing through a forest, two people on a beach, a scenic view of a lake and mountains, a person sitting on a rock overlooking a valley, and a highly ornate temple gopuram.

Each package includes a thumbnail image, a summary, and a detailed description with service providers and their rates.

Manage State

Screenshot of the Manage State feature.

The page shows a list of states with an "Insert" button.

StateName	Actions
Gujrat	
Mahrashtra	
Assam	
Jammu and Kashmire	
Kerala	
Meghalaya	

Tours and Travelers Management (Travelers Tour)

The screenshot shows a web application interface titled "wonder tour". On the left is a sidebar with various icons and menu items: Home, Manage Category, Manage State, Manage City, Manage Package, Manage Bus, Manage Hotel, Manage Offer, Manage User, Payments, and Enquiry. The main content area has a title "Insert State". It contains two input fields: "ID" (empty) and "Name" (containing "Tamilnadu"). Below the fields are two buttons: "Submit" and "Reset Button". At the bottom of the screen is a Windows taskbar with various pinned icons and system status indicators.

After Insert

The screenshot shows the same web application interface after the state "Tamilnadu" has been inserted. The main content area now lists several states in a table: Maharashtra, Assam, Jammu and Kashmir, Kerala, Meghalaya, Rajasthan, Madhya Pradesh, Uttar Pradesh, Punjab, and Tamilnadu. Each state entry has edit and delete icons next to it. The "Tamilnadu" entry is highlighted with a blue background. The Windows taskbar at the bottom remains the same.

Edit State

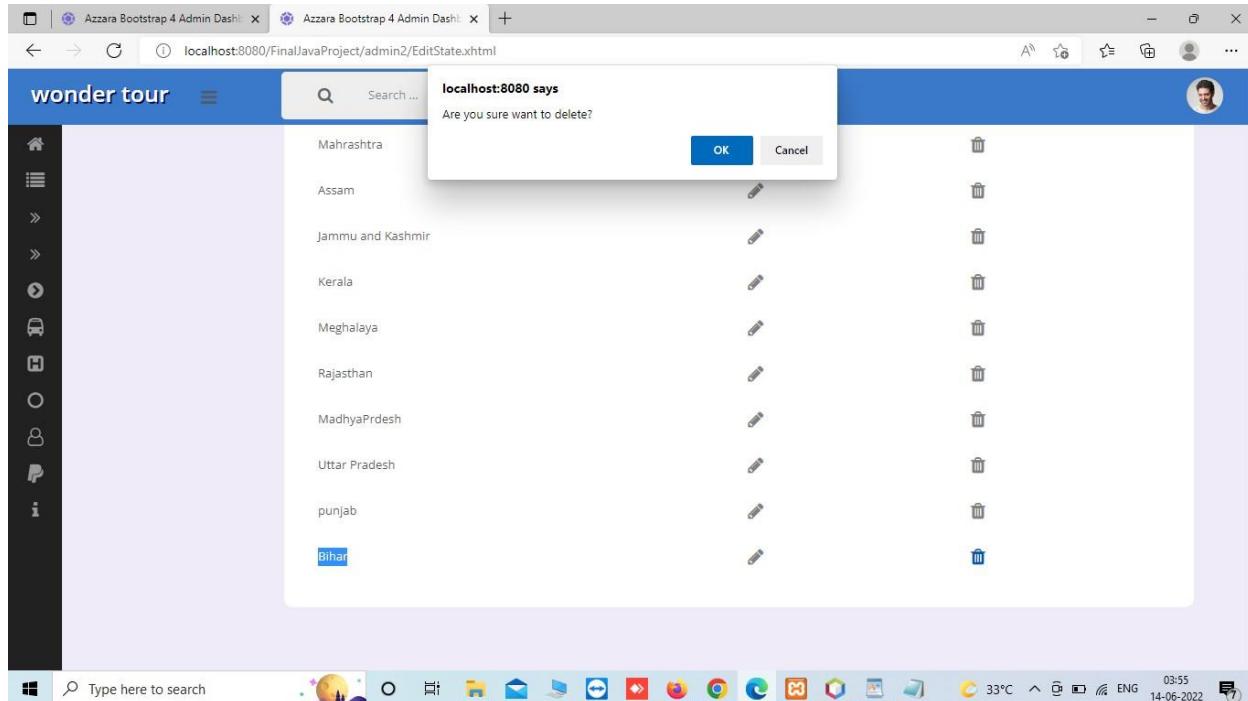

Tours and Travelers Management (Travelers Tour)

The screenshot shows a web browser window titled "Edit State". The URL is "localhost:8080/FinalJavaProject/admin2/state.xhtml". The page has a blue header with the "wonder tour" logo and a search bar. On the left is a sidebar with various icons. The main content area contains a form with fields for "ID" (21) and "Name" (Bihar). Below the form are two buttons: "Submit" (blue) and "Reset Button" (black).

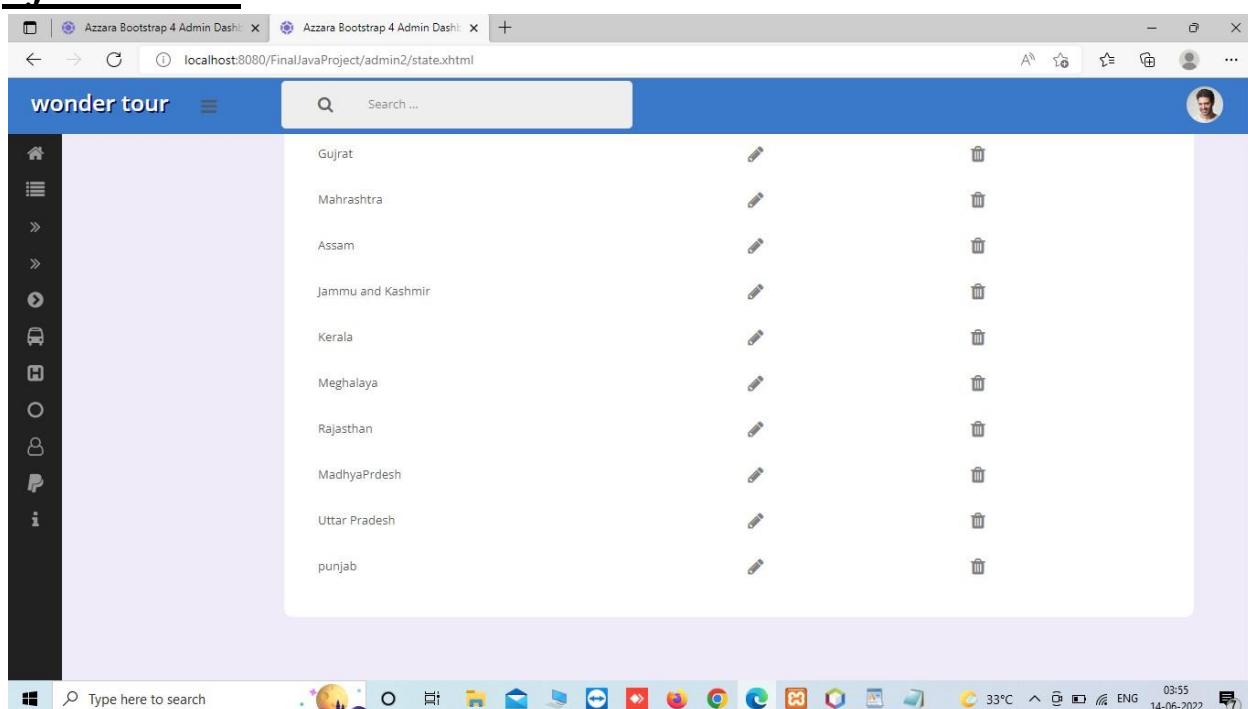

The screenshot shows a web browser window titled "EditState.xhtml". The URL is "localhost:8080/FinalJavaProject/admin2/EditState.xhtml". The page displays a list of states: Maharashtra, Assam, Jammu and Kashmir, Kerala, Meghalaya, Rajasthan, Madhya Pradesh, Uttar Pradesh, Punjab, and Bihar. The row for Bihar is highlighted with a blue background. Each state entry has edit and delete icons to its right.

Delete State

Tours and Travelers Management (Travelers Tour)

After Delete

Manage City

Tours and Travelers Management (Travelers Tour)

The screenshot shows a web application interface titled "City List". The table contains the following data:

CityName	CityName
Ahmedabad	Gujrat
Surat	Gujrat
Vadodara	Gujrat
Jaipur	Rajasthan
Jodhpur	Rajasthan
Kota	Rajasthan

Buttons for "Insert City" and "Edit" are visible at the top right of the table.

Insert City

The screenshot shows an "Insert City" form. The fields are:

- ID: A text input field.
- Name: A text input field containing "Bhopal".
- State: A dropdown menu showing "MadhyaPradesh".

Buttons for "Submit" and "Reset Button" are at the bottom right.

Tours and Travelers Management (Travelers Tour)

The screenshot shows a web-based application titled "wonder tour". The main content area displays a table of city and state information. The columns are "City Name" and "StateName". Each row has edit and delete icons. The data is as follows:

Pune	Maharashtra
Nagpur	Maharashtra
Balaghat	MadhyaPradesh
Chhatarpur	MadhyaPradesh
Agra	Uttar Pradesh
Palakkad	Kerala
Velavadar	Gujrat
junagadh	Gujrat
Banaskantha	Gujrat
Bhopal	MadhyaPradesh

Edit City

The screenshot shows a modal dialog titled "Edit City". The form contains three fields: "ID" (with value 28), "StateName" (dropdown menu showing "Gujrat"), and "City Name" (text input field with value "Vapi"). At the bottom are "Submit" and "Reset Button" buttons.

Edit City	
Details	
ID	28
StateName	Gujrat
City Name	Vapi

Tours and Travelers Management (Travelers Tour)

The screenshot shows a web-based administration interface for managing travel destinations. The main page displays a table of cities and their corresponding states. A modal dialog box is overlaid on the page, prompting the user to confirm the deletion of a specific entry.

Table Data:

City	State	Action	
Mumbai	Maharashtra		
Pune	Maharashtra		
Nagpur	Maharashtra		
Balaghat	MadhyaPradesh		
Chhatarpur	MadhyaPradesh		
Agra	Uttar Pradesh		
Palakkad	Kerala		
Velavadar	Gujrat		
junagadh	Gujrat		
Vapi	Gujrat		
Bhopal	MadhyaPradesh		

Modal Dialog Content:

localhost:8080 says
Are you sure want to delete?

Buttons:

OK Cancel

Insert Bus

Tours and Travelers Management (Travelers Tour)

The screenshot shows the 'Insert BusDetails' page of a web application. The URL is localhost:8080/FinalJavaProject/admin2/InsertBusDetail.xhtml. The page has a blue header with the 'wonder tour' logo and a search bar. The main content area is titled 'Insert BusDetails'. It contains several input fields:

- Name: TestBus
- total seats: 50
- FromCity: Surat
- ToCity: Mumbai
- Cost per seats: 800
- available seats: (empty field)

At the bottom are 'Submit' and 'Reset Button' buttons.

The screenshot shows the same 'Insert BusDetails' page, but with different values entered in some fields:

- Cost per seats: 800
- available seats: 15
- Image1: Choose File: IMG_362396702635bu2.jpg
- Image1: Choose File: IMG_603951700775pxels-humphrey-muleba-2045249.jpg
- Image1: Choose File: IMG_753814864384bu4.jpg
- Description: Bus from 1 State to another

At the bottom are 'Submit' and 'Reset Button' buttons.

Tours and Travelers Management (Travelers Tour)

The screenshot shows a web-based administration interface for managing travel services. The main header is "wonder tour". A search bar at the top right contains the placeholder "Search ...". On the left, there is a vertical sidebar with icons for Home, Grid, List, Map, Bus, Hotel, User, Print, and Information. The main content area displays a table of bus details:

Bus Company	Capacity	From	To	Price	Count
Lion Travels	40	Surat	Junjagadh	2000	39
Taj Travels	50	Surat	Agra	6000	34
elephant Travels	70	Vadodara	Palakkad	5000	70
BuckTravels	70	Surat	Velavadar	78	56
TestBus	50	Surat	Mumbai	800	15

Each row includes a small thumbnail image of a bus or travel scene. To the right of the table is a grid of 12 smaller images showing various travel-related scenes like buses, mountains, and cityscapes.

Delete Bus

This screenshot shows the same application interface as the first one, but with a modal dialog box centered over the bus list. The dialog has a blue header bar with the text "localhost:8080 says:" and a message below it asking "Are you sure want to delete?". There are two buttons at the bottom of the dialog: "OK" and "Cancel". The rest of the interface, including the sidebar and the bus list table, remains visible.
